WHAT TO USE?

Skin Type Edition

Combination skin

The T-zone is often where problems occur in combination skin and may benefit from targeted care.

Gel creams are lightweight, absorb quickly, and provide intense hydration without adding oil to the skin.

Lightweight or matte foundations help smooth the skin without increasing oil production.

Oily skin

Hyaluronic Acid Can provide a moisture boost without making the skin greasy.

Salicylic acid keep pores clean and help prevent & control blemishes.

Matte foundations & setting powders to prevent excess oil production during the day.

Dry skin

Important to use products with oil to provide extra moisture to the skin.

Sunscreen helps protect the skin from sun damage and prevents further dryness.

Light, dewy, and liquid foundations that don't settle into dry lines or patches.

Normal skin

Cleansers for normal skin that Gently remove dirt and impurities without disturbing the skin's natural balance.

Serums is one of the most effective form of skincare & C-vitamin boost your skin's glow and prevent signs of aging.

Luminous foundation or BB-cream that boost your skins natural glow without adding too much product.

Sensitive skin

Makeup remover and face wash in general for sensitive skin. It helps take care of your sensitive skin.

Always remember SPF 50+ to prevent sunburn and red skin.

Foundations that are free of perfume + Parabens and allergy-certified brands.
